## **SWNPHD Clinic in Hayes Center on May 17th**

**Hayes Center** – Southwest Nebraska Public Health Department (SWNPHD) will be offering the Vaccines for Children program on Wednesday, May 17th. Public Health Nurse, Melissa Propp, RN will be at Hayes Center High School gym starting at 1:00 p.m. and will stay through the entire Kindergarten Round Up and 7<sup>th</sup> Grade Physicals event.

This is a perfect opportunity for you to bring your upcoming Kindergarten, 7<sup>th</sup> grade and college students for their required school immunizations or to get students caught up on their shots. Please schedule an appointment by calling 308-345-4223. Walk-ins are welcome. Several insurances are accepted by SWNPHD.

We enjoy working with Mary Gigax, Hayes Center school nurse to make sure students have their required shots for school,” states Melissa Propp, Public Health Nurse and VFC Clinic Coordinator for SWNPHD. A parent or guardian is required to attend the clinic with their child. If a parent is unable to attend, please contact Mary for a proxy permission form.

“Vaccines for Children” is a program that provides immunizations to eligible children, 18 years old and younger. Eligibility is defined as those who are Medicaid eligible, uninsured, underinsured (health insurance does not provide coverage for childhood immunizations), and/or American Indian or Alaska Natives. For more information go to our website at [www.swhealth.ne.gov](http://www.swhealth.ne.gov) .

“If parents are planning to be in McCook, they can schedule their student shots during office hours of Monday-Friday, 8:30-4:00 p.m. by calling 308-345-4223,” explains Propp. SWNPHD is located at 404 West 10<sup>th</sup> Street, one block north of Arby’s.

SWNPHD is included in the Nebraska Immunization Program Title 317 funding that expands the available adult vaccines given for free. We can provide vaccines for adults (19 years & older) who are un-insured, underinsured (health insurance does not provide coverage for preventive shots) or do not have supplemental insurance with Medicare A or B. Shots covered include: Pneumonia, Tdap (tetanus, diphtheria, whooping cough), MMR (mumps, measles, rubella), Hepatitis A & B, Varicella (chicken pox), HPV, Meningococcal and flu (influenza).

Immunizations are one of the most effective and cost efficient ways to prevent disease. For every dollar spent on immunizations, it saves as much as \$29.00 in direct and indirect health costs.

More information on immunizations is available on the website. You can also follow us on Facebook.com/swnphd and Twitter@swpublichealth. Southwest Nebraska Public Health Department serves Chase, Dundy, Frontier, Furnas, Hayes, Hitchcock, Keith, Perkins and Red Willow counties.
