Vaccines for Children Offered September 10th in Cambridge

Cambridge - Southwest Nebraska Public Health Department (SWNPHD) will be offering the Vaccines for Children program at Tri Valley Health Clinic on Tuesday, September 10th from 3:30-4:30 p.m. SWNPHD will be in Cambridge the 2nd Tuesday of every month.

We look forward to working with Angie Hagedorn, Cambridge school nurse to make sure students have their required shots for school," states Melissa Propp, Public Health Nurse and VFC Clinic Coordinator for SWNPHD. "We enjoy our partnership with Tri Valley Health Systems and appreciate their assistance."

This is a perfect opportunity for you to get your students shots taken care of for Kindergarten, 7th grade and college freshmen students. They will also receive a special "back to school" gift. Please schedule an appointment by calling 308-345-4223. Walk-ins are welcome. A parent or guardian is required to attend the clinic with their child. If a parent is unable to attend, please contact SWNPHD for a proxy permission form.

"Vaccines for Children" is a program that provides immunizations to eligible children, 18 years old and younger. Eligibility is defined as those who are Medicaid eligible, uninsured, underinsured (health insurance does not provide coverage for childhood immunizations), and/or American Indian or Alaska Natives.

Kindergarten students will need: DTap (Diphtheria, Tetanus and Pertussis), IPV (Polio) MMR (Measles, Mumps and Rubella) and VAR (Chickenpox).

7th Grade students will need: TDap (Tetanus, Diphtheria, Pertussis), Optional: HPV (Human Papillomavirus), MCV4 (Meningococcal) and if they have not had their second VAR (chickenpox) that will also be required.

College freshmen requirements vary by institution but typically require: TDap (Tetanus, Diphtheria, Pertussis), IPV (Polio), MMR (Measles, Mumps and Rubella), MCV4 (Meningococcal) and VAR (Chickenpox). Please confirm with your college on your required vaccines.

SWNPHD also provides **adult immunizations**, such as shingles, whooping cough, tetanus and flu shots. We can bill Medicare (pneumonia & flu shots only), Midlands Choice and Blue Cross Blue Shield insurance. Immunizations are one of the most effective and cost efficient ways to prevent disease. For every dollar spent on immunizations, it saves as much as \$29.00 in direct and indirect health costs.

"If parents are planning to be in McCook, they can schedule their student shots during office hours of Monday-Friday, 8:30-4:00 p.m. by calling 308-345-4223," explains Propp. SWNPHD is located at 404 West 10th Street, one block north of Arby's.

More information on immunizations is available at www.swhealth.ne.gov and you can follow us on Facebook or Twitter. Southwest Nebraska Public Health Department serves Chase, Dundy, Frontier, Furnas, Hayes, Hitchcock, Perkins and Red Willow counties.
